

Chapter *II*

Experience you can trust. Perspective you'll value.

Advisory. Transformation. Talent Search.

We help banks, NBFCs, fintech companies and other financial-services businesses make sound decisions, execute change and find the right leaders.

Strategic advice. Practical delivery. Leadership that fits.

Advisory

Strategic advice for important business decisions. We assess options and trade-offs, considering short- and long-term impact and second-order effects.

Transformation

Turn priorities into changes that work. We help your teams improve processes, reshape operating models and adopt new ways of working.

Talent Search

Find leaders who fit the work ahead. We look beyond titles and job descriptions to assess candidates against the role and your business context.

Operating experience. Direct founder involvement.

We have led businesses, managed teams and made decisions while accountable for the results. You work directly with the founders throughout the agreed engagement.

Vikas Singhvi
